The report summarizes military intelligence on the Kiev MD, segregated
as to troops (Annex 1) and supply installations (Annex 2). It was

Comment:

The information is evaluated as follows:

a. Kiev:

(1) The Tank School (object No 15) may be the Timoshenko Tank Technical
Military School which was confirmed up to February 1949 by the evalua-
tion of newspapers.

(2) The New Artillery School (NW sector of the city, on Artema Street)
and the Old Artillery School (object No 16) may be the previously known
1st Kirov-Order of Lenin-Redbanner Arty Mil School and the 2d Franze
Arty Mil School for SP artillery. The report vaguely confirms the
two latter schools up to late October 1948.

(3) The Kiev Medical Mil School (object No 17) was also confirmed up to
late October 1948.

(4) A music school (near the New Artillery School) in Kiev is not known.

(5) General (Tank Troops) Plotkin (CG of the Tank School, object No 19)
is unknown.

b. Darnitsa:

A 352d AAA Regt in the barracks NW of the railroad station is unknown.
The numerical designation may be correct.

c. Voroshilovsk:

From several reports from the Voroshilovsk area a tank division is assumed
to be stationed in that area. However, as a tank regiment was allegedly
transferred from Bulgaria to the Voroshilovsk area as late as early 1948,
the division can only be mechanized division, since several mechanized
divisions, but no tank divisions, were assumed to have been in Bulgaria

25X1 after the war. The 4th Gds Mecz Div is most likely to have been located in Bulgaria. It appears possible that, three months after the ratification of the Bulgarian peace treaty (1947), the 4th Gds Mecz Div may have been transferred from Bulgaria to the Voroshilovsk area. This is only a supposition as [REDACTED] statements do not allow for an exact identification of the unit concerned.

d. Chuguyev:

The information on the cadet school confirms the Chuguyev Suvorov Mil School up to early 1949.
